

EFFICIENCY PROGRAMS

FOR SMALL & MEDIUM BUSINESS

YOU'VE GOT THE POWER TO SAVE

Save power and money by taking part in our conservation and efficiency programs designed specifically for businesses like yours.

Commercial Walk-Through Assessment

- Understand your power consumption through an energy efficiency assessment. Our qualified advisors will work with you to identify a variety of ways your business can save power and save money on your power bill.

Compressed Air System Program

- We will work with you to analyze your compressed air system's power consumption, flow rates and operating air pressure. If there are efficiencies to be gained we will identify and help you implement them.

Commercial Refrigeration Incentive

- Refrigeration can account for up to 55 per cent of a business' electricity consumption. Let us help you save with rebates on the purchase price of energy efficient products like refrigerators, freezers, display cases and night covers and more.

Parking Lot Controller Program

- Save up to 50 per cent on your electrified parking stall power costs when you install parking lot controllers to manage the flow of electricity. Get a \$50 discount on each controller through our Parking Lot Controller Program.

Commercial Lighting Incentive Program

- Lighting costs account for roughly 40 per cent of a businesses' power bill each year. Our Commercial Lighting Incentive provides discounts on premium, energy-efficient lighting and will save you money on your power bill.

Municipal Ice Rink Program

- Rinks are often the centre of the community, but they are also expensive to operate. Let us help you lower your energy costs through our Municipal Ice Rink Program.

Net Metering Program

- Our Net Metering Program provides financial support for those who want to install and generate their own power through the use of renewable energy technology.

Online Energy Efficiency Assessment

- Find out where your money is going when it comes to your power and gas bills with our free Online Assessment Tool. Get customized efficiency tips and learn about relevant incentive programs to help you save.
